ABOUT THE KEYNOTE SPEAKER

David Fixler, FAIA FAPT LEED, is an internationally recognized leader in the field of historic preservation with a particular focus on the sustainable renewal of buildings of the mid-20th century. His projects have involved buildings designed by leaders of the Modern Movement including Alvar Aalto, Louis Kahn, Le Corbusier and Eero Saarinen. He is a fellow of the American Institute of Architects and the Association for Preservation Technology (APT) and he teaches at Harvard University and the University of Pennsylvania.

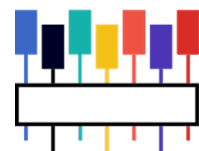

REVISITING MODERN: CANADIAN MODERN ARCHITECTURE & ITS STEWARDSHIP

A 2-part event that will build synchronicities with Modern Heritage currencies in the Capital. Includes the official Capital Launch of the Elsa Lam & Graham Livesey book: "Canadian Modern, 1967 to Present" a 50-year retrospective of notable Canadian architecture, from High/Late Modern through to contemporary examples.

Complementing this is a multi-faceted dive into how to effectively, compatibly and sustainably renew and rehab the architecture of this era, with an emphasis on Capital concerns from Industry to Federal to Academic perspectives. Special Guest at both events is: **David Fixler**, internationally respected Preservation Architect and Harvard

Professor. Presented by Urban Forum is a public lecture in the evening of March 31, 2020.
